MUSICAL SCAVENGER HUNT
Musical Chairs...with a TWIST!!

HOW DOES IT WORK?

As the music plays, you will circle the chairs. When the music stops, you will be asked to go into the crowd and find a specific item as announced by the DJ and then return to your seat...**BUT** a chair is taken away each time the group goes into the crowd! The last person to return with the designated item is left with no seat and is disqualified from the rest of the game.

When given your next item to find, you must **FIRST** return the last retrieved item to the proper owner before getting your next item and returning to the stage.
